

Haverford Township Cable Committee Minutes – April 9, 2014

Attendance – Dan Siegel, Ben Lazar, Michael Muderick, Barry Mulhern, Jay Scheinfeld

1. Need for Secretary – Mr. Siegel said that the committee needs a secretary and that he cannot continue to perform this function. Mr. Mulhern agreed to accept this role.
2. Recap – Mr. Siegel reviewed the recent developments as follows.
 - a. The new software has been installed, but there are a few complications getting it up and running. It will not go live until it is functioning properly. The township IT staff is working on this.
 - b. Verizon will install a digital line at the library where the equipment is housed at no charge. Comcast will do the same, but will charge a fee of \$10 per month. It was suggested that Comcast be requested to waive the fee.
3. New content for cable channel – Mr. Siegel requested ideas for new content, which will be short videos that will be presented on the channel. He said that he has spoken with Larry Gentile, who is in favor of the idea of new content, and Mr. Gentile will cooperate by advising township employees to cooperate and participate in the preparation of the videos. There was an extended discussion about ideas that can be presented to Mr. Gentile, and they are listed below. The general thought is that the videos address matters of interest to township residents and businesses, provide helpful information, and answer questions frequently asked to the township. The suggested topics, in no particular order, are as follows.
 - a. Requirements for opening a business in the township
 - b. Requirements for operating a business in the township, including taxes
 - c. The change in the trash collection schedule
 - d. Snow removal requirements for homeowners and businesses
 - e. Information similar to what is contained in the HavaGood Times, particularly about summer programs
 - f. Information about all of the parks within the township, with the possibility of a short video about each park with a narration about what is located at each park
 - g. Information about each business district

- h. What work requires permits and how to get a permit
 - i. Information about each fire department and EMS services; Brookline Fire Department's 100th anniversary (parade in June and event in October)
 - j. Haverford Township Day
 - k. Video about The Quadrangle's 25th anniversary
 - l. Historical aspects of the township, including videos about the Grange, Nitre Hall, Lawrence Cabin and Spring House
 - m. The Police Department
 - n. The Library and its programs
 - o. The new Public Works facility
4. Old business/new business – None.
5. Adjournment

Respectfully submitted,

Robert B. Mulhern, Jr.

Haverford Township Cable Committee Minutes – November 12, 2014

Attendance – Dan Siegel, Ben Lazar, Michael Muderick, Barry Mulhern, Jay Scheinfield

1. The minutes for the June meeting were approved.
2. Recap – The Committee discussed the following recent developments.
 - a. Efforts have continued to have Comcast and Verizon provide an equipment upgrade for the video feed. They have been ignoring the situation. Mr. Siegel said that the upgrade will probably have to wait until the township offices move into the new building, which is not a serious problem because HD is not needed for the channel.
 - b. Attached is the current weekly schedule for the cable channel. Note that there are several videos that are part of the regular cycle of programming.
 - c. The township has commissioned a company to make a series of internal videos similar to those presently being shown on the cable channel, and they will be appearing as they are completed. Some grant money was provided. Mr. Muderick asked whether the videos could be shown to the township YouTube channel, and/or whether there could be a link for the township website to the YouTube channel; Mr. Siegel will follow up about this possibility.
 - d. Bob Gove has the name of a student from the Drexel University coop program. He is majoring in film and may be able to work with the township.
 - e. The Committee discussed additional programming. Mr. Scheinfield said that the Historical Commission in Lower Merion Township does some programming on the history of the township, and that we would consider something similar. Mr. Muderick suggested a video about snow removal. This Committee previously provided a list of programming ideas to Larry Gentile following the April meeting, and Mr. Siegel will follow up with Mr. Gentile about the possibility of the township using some of those ideas.
 - f. Mr. Muderick said that Tredyffrin Township has a nice studio, and that he hopes that a studio is part of the plan for the new Haverford Township building. Mr. Siegel said that he is the head of the committee addressing the new building, and that this will be part of the plan.

3. Old business/new business – The following topics were discussed.
 - a. A company that prepares apps for iphones is preparing a township app. We agreed that its availability will need to be publicized.
 - b. The Board of Commissioners had voted at its October meeting that Zoning Board meetings would be televised. At its November meeting, the Board of Commissioners addressed this matter again and not to televise those meetings. It is possible that this issue will be raised again.
4. Adjournment – Next meeting will be on December 10, 2014 at 7:30 pm.

Respectfully submitted,

A handwritten signature in cursive script, appearing to read "Robert B. Mulhern, Jr.", written in dark ink.
